NORTH HUDSON
COMMUNITY ACTION CORPORATION

Ask about our 340B program and how you can give back to your community

Everyone is invited and encouraged to use the services of North Hudson Community Action Corporation's federally qualified health centers. We accept all insurances and people without insurance will be charged according to their ability to pay.

340B Drug Pricing Program

North Hudson Community Action Corporation (NHCAC) participates in the Federal 340B Drug Pricing Program. The program **lowers drug costs (at zero cost to taxpayers)** allowing NHCAC to pass along these savings to our patients while maintaining and expanding other health care services.

NHCAC has been able to **reduce the financial burden of medications and other medical care for uninsured, under-insured, and low-income patients.**

All patients are encouraged to participate in the 340B program by utilizing one of our participating pharmacies. By doing so, you are helping expand the services offered at our health centers and improve healthcare outcomes for you and our communities.

Fill your prescription and expand our mission!

*This program is only for NHCAC Health Center patients and only for prescriptions written by a NHCAC Health Center provider (doctor, nurse midwife, nurse practitioner, and dentist).
